QUESTIONNAIRE

INFORMATION RELATED TO MEDICAL LIENS
(Right to Reimbursement)

As part of the claims process, the Claims Administrator will confirm that there are no medical liens related to your injury that must be repaid prior to disbursement of funds to the claimant. This is a mandatory part of the Settlement Fund process, **and your claim will not be reviewed or considered until all documents required to run the medical liens are submitted.**

- The Claims Administrator will confirm that there are no healthcare liens asserted against you related to an injury covered by the settlement with respect to:

  - Medicare Parts A and B;

  - Medicare Parts C and D, including private insurance companies that administer Medicare Parts C and D coverage;

  - State Medicaid; and

  - Military benefits (TRICARE or Veterans Affairs).

- Federal and state law give Medicare, Medicaid, the U.S. Department of Veterans Affairs, TRICARE and other governmental agencies a right to recover some or all of a settlement payment as reimbursement if they paid for medical care related to an injury that is covered by a settlement.
- If it is determined that you are entitled to a distribution **and** there is a medical lien, the Claim Administrator's medical lien resolution specialists will review the lien and attempt to negotiate a resolution.
- The Claims Administrator cannot accept your representation that there are no medical liens and must instead independently verify that there are no medical liens.

Your application will be deemed fully submitted and ready for review by the Claims Administrator only after you have (a) answered all required fields on the questionnaire; (b) submitted the questionnaire online; (c) signed and completed the **Consent and Authorization for Use and Release of Information**; and (d) signed and completed the **Proof of Representation**.
